

Supporting your PeaceBuilding Efforts, Coaching you for Success.

PeaceBuilders Support

The faithful implementation of PeaceBuilders results in increased attendance, improved API scores, pro-social interactions among youth and a decline in suspension rates, school violence, and disruptive behaviors.

On-site and remote coaching is available to help you implement PeaceBuilders faithfully and effectively. Our experienced, knowledgeable Support Coaches will work with you to develop a customized plan to build peace at your site and will be available for regularly scheduled consultation as you put your plan into action. Coaching will ensure you achieve the peaceful environment you envision.
